## County Meeting of Volunteer Firemen to be Held in Antioch

### Representatives From 25 Companies to Witness Demonstrations

Representatives of 25 volunteer fire companies of the Lake County Firemen's association will meet at the Antioch Fire station Monday evening to bring themselves up to date in the latest fire fighting techniques.

President Reno Georgianni of Highwood will preside and conduct the business session.

The Great Lakes Fire Equipment Co. will demonstrate some of its newest equipment, and movies of an entertaining nature will be shown.

The Antioch Fire department is the host company and will serve refreshments.

Among the matters of business will be an amendment to the death benefit law. The firemen contribute \$1 each and in event of the death of a member the widow or heirs get \$300.

Edgar Simonsen, Antioch fire chief, said that the program is prepared by the district officers.

## Tag Day Saturday for Antioch Cancer Drive; Fund Nears Half Way

Tag days for the Antioch cancer fund are scheduled for tomorrow and Saturday.

Mrs. Robert H. Berg, chairman, announced that volunteers who will be on the street with coin boxes for contributions will include Mesdames Norman Benson, Joseph DeStefano, Edward Jahneke, and Edward Cranley.

Also helping will be the following girls from the seventh and eighth grade classes of St. Peter's school:

Kathleen Cranley, Matilda Kuzmickus, Judy Malek, Janzen Hendricksen, Diane Barva, Joanne Griffin, Charlotte Horton, Leslee Osmond, Carol Bertaloni, Charlene Cermak, Judy Keulman, Cathy Scully, Joan Topercer, and Diane Graczyk.

Mrs. Berg said that \$300 has been contributed on the way to the goal of \$675.

## Cunningham, Vos and Garland Re-elected; Write-ins Fail to Win

A write-in effort didn't get very far in the village election Tuesday even though only 91 votes were cast.

Re-elected were Murrill Cunningham, with 60 votes, George Garland, 71; Edmund Vos, 67; and Ernest H. Glenn for an unexpired term, 69.

Write-ins included Robert Hunt, 17; Bruno Manzardo, 11; R. A. Carlucci, 1; and Herbert Horton, 1.

The board canvassed the votes the same evening.

## Grand Opening at Remodeled Pantry Saturday, April 23

The Pantry, 914 Main st., Antioch, will feature a Grand Opening this Saturday, April 23, after a complete remodeling job. The restaurant was purchased from Mr. and Mrs. Walter Curtis some months ago by John and Mary Topercer.

Remodeling has included straightening of the counter from the right angles in which it was formerly placed, moving of the booths to the front of the room and the addition of a number of tables and chairs at the rear. The change has made possible seating of a much larger number of patrons and also added to the efficiency of service.

The grand opening will feature a roast turkey dinner, prepared by Mr. King, chef, and will also see free coffee dispensed all day. In addition there will be roses for the ladies and free prizes. It is explained that no purchase is necessary to be eligible for the free prizes, simply drop in, have a free cup of coffee and register.

**District Meeting Here**  
Tenth District officers will attend the meeting tonight of the Antioch American Legion.

A full color sound movie "On Your Mark," will be shown. The movie shows the need and desire for running water, under pressure, and the opportunity for rural families to enjoy modern village water conveniences at nominal expense.

## Turn Clock Saturday For Daylight Savings

With a twist of the wrist something will happen in many homes Saturday night.

Unless you already know, this weekend is the time when Antioch goes on daylight saving time, and all clocks are to be set ahead at 2 a. m.

It is advisable that citizens before retiring Saturday set their clocks ahead an hour and prepare the alarm, rather than wait until 2 a. m. Regardless of this notice there will be some persons going to church Sunday about the time the services are ending.

There always have been.

## Musicians to Provide Month of Free Dances for County Teenagers

### Don Jacoby TV Star Says One Is Scheduled for Antioch May 13

Lake County teenagers can "swing out" in May at a series of free dances entitled "Dance Month," is was announced today by Don Jacoby, Chicago TV star and president of the Waukegan Federation of Musicians.

The dances, to be held at various county high schools, are being sponsored by the musician's union, several Waukegan industries and interested civic groups.

Besides featuring dance music by top Lake County combos, there will be special acts, dance contests and refreshments at each program, Jacoby declared.

Jacoby, trumpet star of the Breakfast Club radio and television show and leader of the Cottonpickers, combo on the Tom Duggan TV show, said he and Chubby Jackson, ace bass player formerly with Woody Herman, will appear at each dance.

The monthly long dance series will windup May 20 with a county-wide dance jamboree at the Waukegan armory, Jacoby declared. All dances will be from 8 to 12 p. m.

On the program that night will be top Chicago TV personalities, two 12-piece dance bands and winners of preliminary dance contests in a sweepstakes to select the outstanding waltz and jitterbug couple in Lake county.

Teen-agers are invited to attend "Dance Month" programs at designated schools. "Don't stay home just because the dance isn't scheduled for your school," Jacoby said.

Dance Month will kickoff Friday, April 29, with dances at Waukegan Township High School and Wauconda High school for benefit of young dancers in western portions of the county.

Other dances, slated for successive Friday nights, will be May 6, North Chicago High School and Grayslake High school; and May 13, Antioch Township High school and South Geneseo st. YMCA, Waukegan.

## Grass Lake P. T. A. Elects Plans Picnic in June

Grass Lake PTA officers for 1955-56 were elected by the group on Monday evening with Mrs. Gordon Pierce, president; Mrs. Sylvia Rozek, vice president; Mrs. Robert Hart, secretary and Mrs. William Goetz, treasurer. They will be installed at the May meeting. Plans were also made for the school picnic to be held on June 2 at Fox River Park.

## Antioch Children Get Letters of Thanks From Austrian Children for Gift Boxes Via Red Cross

Children in Austria who received gift boxes from Antioch Grade School children through the Red Cross have written letters of appreciation.

One of the letters said: "We got your fine gift boxes and thank you very much for them. We are 13 years old and we are in the third grade of the higher elementary school at Mauenkirchen. This is a little Austrian village near the German border. The nearest big town is Salzburg. Have you ever heard of this place and its festivals?"

"Please write us when you get our letter and we thank you once more for your kind gifts."

Your friends in Austria," (Thirty signatures attached.)

Another letter follows:

"Dear friends: We were very happy to receive your nice gift parcels. The things we found in this box were given by our class teacher Mr. Schellenbacher to the following boys of our classroom: Helmut E. Hermin A., Houfmann A., Praxl K., Auffanges A., Karrer W., Morse G., and Ordner J. They are rather poor boys, therefore, we took pleasure in seeing them when they received the very nice things. Many thanks, dear friends."

"We are pupils of a so-called

## Interview Tonight and Then Committee Action on Lions Swimming Pool

### Aurora Expert to Speak on Prefabricated Pools, Meeting Open

Members of the Antioch Lions Club Swimming Pool committee will hear an expert on swimming pool construction tonight and will then make its decision on the type and kind of pool it wants to build. The committee will soon go into action to sell bonds and construct the pool.

Tonight's speaker will be Charles E. Russell of Aurora, Ill., who will discuss prefabricated concrete slab pools, Chairman George W. Jensen said.

Russell will also discuss Tower steel pools.

The meeting will start at 7:45 p. m. and will be held in the Rescue Squad headquarters. Russell will show pictures of pools his firm has built.

The committee on Monday night heard Wesley Blintz, Lansing, Mich., discuss the oval design of pool. This pool is the shape of an inverted hat and its advantage is that there are no corners to split apart and leak. The oval serves as a brace.

"You get 10 per cent more water space with 10 per cent less wall," he told the committee.

Blitz spoke as an engineer and not opinion engineers who have the task as an architect, and said that in his of building pools are in a better position to evaluate them than an architect.

Chairman Jensen said tonight's meeting is open to the public.

## Central High Board Gets Nod of Voters on School Expansion

The board of education of Central High school at Salem, Wis., was given the approval of citizens of the district last Thursday evening to proceed with an expansion program.

To take care of a projected increase in enrollment the board plans to add four classrooms, an agricultural shop, a music room, a sewing room, additional kitchen facilities, and additional laboratory facilities.

No referendum is necessary in Wisconsin as it is in Illinois to provide needed facilities if the state gives its approval, but the board sought the approval of the voters nevertheless. Approximately 100 persons attended the meeting, Principal A. H. Erickson said.

## Legion, K. of C. Will Plan Joint Carnival at Meeting Monday Night

John Horan, chairman of the joint American Legion-Knights of Columbus Carnival committee, has called a meeting for Monday to discuss the forthcoming event set for July 6-10.

For the first time this year the two organizations are going together in operating the carnival and sharing the profits.

Members of the Legion committee are John L. Horan, chairman; Dan Lightsey, Roman B. Vos, W. V. Lahti, Gordon Wald, Edward J. Frazier, and John W. Horan.

Members of the Knights of Columbus committee are Thomas Haley, chairman; Irving Carey, Thomas W. Pechousek, and Walter T. Farrell.

## Antioch Children Get Letters of Thanks From Austrian Children for Gift Boxes Via Red Cross

Children in Austria who received gift boxes from Antioch Grade School children through the Red Cross have written letters of appreciation. The place we are living in is a borough with about 2,000 inhabitants. This place is not far from the famous town Salzburg, which is the residence of the U. S. A. headquarters. The victorious soldiers of your great nation are generous friends of the Austrian children; therefore many thanks to you and to all American friends of our beloved Austria.

"We would be happy if you would write to us. With best wishes, Your Austrian friends."

Those who sent the box gift acknowledged in the first letter were Victor Rogers, Alan Tegen, Kathleen Schimmel, Joan Tanner, Virginia White, Crystal Zeman, Patrick Mongan, Philip Thiele, Shirley Van Patten, Delores Watkins, Melvin Pemble, Gay Bruhn, Raymond Westhoff, Margaret Johnson, Charles Smith, Charles Lamoreaux, Dwight Loyd, Kenneth Sheldon, and Bernard Smith.

Those who sent the box last mentioned were Jimmy Barnstable, Carol Gillio, Suraya Brook, June Behrens, Billie DuBose, Gary Eppers, Roger Hallwas, Patrice Beattie, Richard Golden, Jerry Berke, Beverly Breakstone, and Bobby Cunningham.

## Four Hurt in Car Crash At Antioch Recreation Last Thursday Evening

Four persons were injured but none seriously in a four-car crash last Thursday night on Rte. 173 at the Antioch Recreation.

Deputy sheriffs reported that the accident occurred when Ralph Gussarson, 32, of rural Antioch, attempted a left turn and drove into the path of an eastbound car driven by Philip Burgdorf of Channel Lake.

The Gussarson auto was forced into two parked cars, one owned by Charles Yancey, Antioch; and the other by F. B. Weismantel, Lake Villa.

Gussarson received arm and rib injuries; Merle Holtdorf, 19, of rural Lake Villa, Edward Gorman, 19, also of rural Lake Villa, and Don Heath, 21, Channel Lake were bruised.

Members of the Antioch Rescue squad took them to a local doctor for treatment of injuries.

## 500 Will Perform at Music Festival Here Next Monday Evening

### Conference High Schools to Unite in Large Band and Chorus

Five hundred high school musicians performing at one time will be the spectacular sight at the Antioch High School Monday evening at 8:15 o'clock.

Three hundred and fifty singers and 150 handmen from the eight schools in the Northwest Conference will participate.

An audience of 800 is anticipated and the Antioch students are putting up bleachers in preparation of handling that size crowd. The event is public and Antioch residents are urged to attend.

Practice sessions will be held Sunday and Monday afternoons.

The Northwest conference music festival is looked forward to annually as the culminating musical performance of the school year. Talented young musicians and the finest possible guest conductors make for a performance which is not only musically satisfying but also emotionally inspiring.

Guest conductors scheduled for this year's festival include two nationally famous music educators. Marvin Genuchi, leader of the Great Lakes Naval Training Station's Blue Jacket Choir will lead the choruses. W. D. Revelli, director of bands of the University of Michigan will direct the festival band.

Outstanding musicians of all eight Northwest Conference schools comprise a boys glee club, girls glee club, mixed chorus and band.

## Red Cross Campaign Goes Over the Goal; Fund Reaches \$1,541

Antioch township's American Red Cross membership campaign went over the top Monday.

Chairman George Borovicka announced that the amount for this community stands at \$1,541, or 103 per cent of the goal.

It was the highest goal that has ever been set for Antioch and three times the amount of last year. The increased amount was based on increased population in the area and greater needs of the national group.

Borovicka said that several return trips were necessary on the part of workers to get the memberships, and donations.

Assisting in the drive were chairman Walter Cording and Mrs. Vivian Mapleshorpe.

Two or three workers have not made their final report as yet and the amount may be increased, but so far as the drive itself is concerned, it is completed, Borovicka said.

## Foster, Schutte Resign at Antioch High School

Miss Lorraine Foster and Miss Eileen Schutte have resigned their teaching positions at the Antioch Township High School.

Miss Foster came to Antioch from DeWitt High school at DeWitt, Iowa, after one year of teaching. She taught American History and English at Antioch Township High school.

Miss Foster is leaving Antioch to continue study and teaching in field of guidance and personnel work.

Miss Eileen Schutte has completed three years of teaching at Antioch in the commercial department. She taught typing and shorthand subjects.

Miss Schutte has accepted a teaching position in the Elmwood Park High School at Elmwood Park, Ill.

## Lightning Travels From Barn to House at Al Swenson's on Rte. 173

Lightning traveled from the lightning rod on a barn to wires which led to the basement of the house at the Al Swenson home on Rte. 173 near Deep Lake rd. Monday night, threatening damage, but doing none.

At a conduit in the basement the bolt caused a short and this produced smoke and sparks.

An electrician on the fire department cut off the circuit and ended the trouble. The wires were those formerly running from the house to the barn to serve a freezer, but it no longer used.

There will be a bake sale Saturday, April 23 at the Ford Garage as a benefit for the Little League.

### Economic Highlights

Growth with a capital "G" is a fact of life in the United States today. It looms with stunning proportions even in a country that has known nothing else for over a century and a half. The population is increasing, industry expanding. The wide open spaces of one day become the teaming shopping centers of the next. In the material way we are living in a breathtaking era. But the other side of the coin is sobering.

The reason for our being as a nation does not show in business indexes nor in a chrome-plated standard of living. It lies in an attitude of mind and in laws which protect the sovereignty of the individual in the ownership of property and in religious and political matters beyond any material value.

So long as he behaves himself, the individual can still do pretty much as he pleases in our country. But the pressures toward conformity threaten to grow along with everything else and a nation of mediocre conformists would hardly be fit to carry the responsibilities of free men. This is why far-sighted industrial, educational, and political spokesmen are endeavoring to preserve individualism and private initiative here.

The greatest single threat to the attributes of a free nation is the insidious growth of government. For example, as of June 30, 1939, about 4,800,000 persons were receiving a federal check every month. In 1953, fourteen years later, 20,000,000 people were receiving a regular monthly check from the government. Figures such as these show why it is of supreme importance to place a ceiling on government.

In a recent address, Roland R. Hughes, Director of the Bureau of the Budget, made a penetrating analysis of government in business. He observed that whereas private wealth increased only 78.7 per cent from 1929 to 1948, public wealth increased 278 per cent and that while in 1929 the public wealth represented only 15 per cent of the national wealth, by 1948 it amounted to 27.3 per cent of the total. Mr. Hughes asked, "At what point do we enter the shadow of Socialism? When government owns a quarter of the land and wealth in the country as at present? When it owns a third? Or must it own a half?"

Socialism is a form of government. It is not compatible with the American system and as an academic proposition a great majority of our people reject it. But these same people have come to accept the growth of government in this country the same as they have accepted the growth of any major activity that has become necessary to supply the needs of a soaring population. As a result, again in the words of Mr. Hughes, "The Federal Government today operates over a hundred business-type activities. It is, among other things, the largest electric power producer in the country, the largest insurer, the largest lender and the largest borrower, the largest landlord and the largest tenant, the largest holder of grazing land and the largest holder of timberland, the largest owner of grain, the largest warehouse

operator, the largest shipowner, and the largest truck-fleet operator. For a country which is the citadel and the world's principal exponent of private enterprise and individual initiative, this is rather an amazing list."

Whenever the government enters a field of activity the area of private initiative is reduced, and the freedom which is the reason for our existence as a nation is diminished. Every time the government becomes the proprietor of a business, a source of tax revenue is lost and must be made up at the expense of remaining taxpayers. Oddly enough, government generally goes into business, not at the behest of crusading socialists, but as a matter of convenience or expediency. It started making rope in 1834 because the Navy Department felt cordage from private suppliers was inferior. The Post Office Department has insisted on government production of locks used on untold thousands of mail bags on the grounds that the security of bags might be compromised by commercial manufacture of locks. So it goes, ad infinitum.

A recent example is a proposal to increase the sizes of packages that can be carried by parcel post, thus in effect further putting the Post Office Department into commercial business. This would, of course, displace private taxpaying express facilities.

In political quarters, efforts to limit the government's growing domination over our lives and let private enterprise carry on, have been given the misleading title of "give-away" programs. One thing is certain. In the midst of our spectacular material gains, we cannot afford to lose sight of the meaning of our existence as a nation.

### Grass Roots Opinion

PINE BLUFFS, ARK., COMMERCIAL: "Under freedom the people of this country have prospered. Under the socialism into which we seem to be irresistibly drifting, we shall suffer the hardships and bitterness which we see in the countries where socialism has flowered into its inevitable dictatorship."

### The Low Down From Hickory Grove

This essay we will call, "comin' home to roost." In our high and wide-flying days back yonder a bit when nobody could propose a hot scheme of getting prosperity regardless of sweat and high-water—just so it enticed the sucker vote—we adopted "props." It took. First it was pigs—now it goes down the alphabet. Painting potatoes blue and unfit for man was one of our antics, as the grocery stores got only poor spuds for their customers. History—in part—is what I'm gassin' about.

Now Uncle Ike's man, Brother Utah Benson, is making headway in standing his ground against making props universal and perpetual. I give the gent 3 cheers—he is no run-of-the-mill person, he is an All-American in my diary.

And now what? Brazil has caught on. The paper says that Brazil is considering the burning of 6 or 7 million bags of green coffee to keep the price up. A surplus this year—last year it was a scarcity causing the high prices. About 1,000,000,000 pounds of coffee slated for the furnace. Very close to our blue painted spuds, I say. Eh! wot! Chickens comin' home to roost it is—all the way from Brazil. They have caught on quite rapid-like there south of the border, to our "plow 'em under" loose and prop theories that still persist with us. So don't bluster too much folks. You know who started the fumididdles.

Yours with the low down,  
JO SERRA

Automatically

Here's comfort you've dreamed of... and a ride to set you dreaming! It's the new Packard Torsion-Level Ride—a new system of suspension eliminating conventional coil and leaf springs to give you comfort unequalled by any car, on any road.

In other cars, twisting forces due to wheel shocks are transmitted to the frame. You submit to the resulting pitch and bounce... the car is subjected to wracking of frame and body. But with Packard Torsion-Level Suspension, these same twisting forces are transmitted along the new torsion bar

system, and absorbed before they can reach either frame or passengers. And an ingenious power-controlled leveler automatically compensates for changes in passenger and luggage load.

All this is yours plus the tremendous power of the new "free-breathing" V-8 engine developing 275 horsepower in the Caribbean and 260 in all other models. Plus, too, the smooth response of the new Packard Twin Ultramatic—actually two transmissions in one. All this in a setting of magnificent luxury and beauty. The panel shows on the airways today rate very high among TV viewers. Often the question is raised if panels are tipped-off beforehand about answers.

The panel show producers admit that some advance questions are put in the hands of panel members, but the actual answers are never given out. The reason for questions being created beforehand is to increase the entertainment value of the program. Humorous situations are created by questions like: "Can this product be found around here?" in the case of the girdle salesman. Or the case of the diaper service-man being asked, "Is your service needed more in the living room than in the kitchen?"

And in the case of our service at the COURTEOUS TV we do most of it right in the living room because that's where most of the TV sets are. Phone Antioch 144 for prompt service.

## Sells more...because it's worth more!

Ford's worth more when you buy it... and it's easy to see why! Only Ford brings you the long, low look of the Thunderbird and its "car-of-tomorrow" lines. Only Ford gives you the instant—and reassuring—response of Trigger-Torque power... power that whisks you up hills or around traffic... gives you "Go" when you need it for safety's sake! And Ford alone in its field gives you the solid comfort and handling ease of a new and smoother Angle-Poised Ride.

There are countless other worth-more features, from the smoothness and long life of Ford's deep-block engines to the colorfully fresh new beauty of Ford's Luxury Lounge interiors. A Test Drive will show you how many there are.

Ford's worth more when you sell it... and used car prices prove it! For years, Ford cars have returned a higher proportion of their original cost at resale than any other low-priced car. And that's further proof that Ford's first in all-round, long-lasting value.

Before you buy any new car  
be sure you see and drive  
the worth more car... the '55 Ford.

## LAKE VILLA

Dr. Ray Bond, superintendent of the Chicago Northern District of Methodist churches of the Rock River conference presided at the fourth quarterly conference at the Community church on Sunday afternoon. Reports were given and officers elected for the coming church year which begins in June. Much progress has been made and a busy year is being planned.

Mrs. Paul Lawrason, who with her husband and son formerly lived here, and last year moved to California where her husband's business is located, spent the past week or so here on business connected with the disposal of their home at Venetian Village.

A number of members of Circle No. 1 of W. S. C. S. went to Barrington last Friday to attend a district meeting and on Wednesday this week attended a meeting of the Antioch W. S. C. S. during the afternoon. In the evening Circles 1 and 2 held a joint meeting at the church to decide on the summer plans.

Miss Jill Michele Mahoney, daughter of Mr. and Mrs. Thomas Mahoney, was married to Norman M. James, Jr., son of Mr. and Mrs. Norman James, of Antioch in a candlelight service at the Community church on Tuesday, April 12, with the Rev. Plummer officiating.

Attendants of the couple were Mrs. Jack Mahoney and Paul Partidge of Chicago, and Jack Mahoney ushered.

The bride wore a gown of blue organza and carried a bouquet of an orchid and white roses and stephanotis, while the bridesmaid wore a gown of pink and had a bouquet of roses and carnations. The bride's small sister Terry was candle lighter.

The bride is secretary to Attorney Jacobs of Antioch, and the bridegroom is in the U. S. Army and recently returned from duty in Austria. He is home on a 15 day furlough and at the expiration of his army service in eight months, they will live in Antioch.

The bride is granddaughter of Mr. and Mrs. Roy Johnson of Lake Villa and the groom is grandson of William Soldmann of Petite Lake who is also proprietor of the Sand Knitting Mills of Berlin, Wis.

Saturday, April 30 at the Lake Villa School gym will be the P. T. A.'s pot luck starting at 7:00 and dancing at 8:30. Harold Chandler will call for the square dancing and Bob May's orchestra will play.

Mr. and Mrs. F. Emerson and Mr. and Mrs. R. Jansen were guests of the Barkling family in Chicago last Saturday and on Sunday evening Mr. and Mrs. Emerson were guests of Blair chapter in Chicago as past officers.

Mr. and Mrs. Palmer Garland of Marinette, Wis., were guests at the Emerson home last Tuesday and on Wednesday Mrs. John Hudson, Mrs. R. Riley and Mrs. J. Skenella of Chicago came out to spend a three week vacation at the Emerson home.

Mr. and Mrs. B. J. Hooper were at Elmhurst last Thursday to attend funeral services for Rudolph Wendland who was in business in Lake Villa some years ago and operated what is now the Dalggaard grocery and market.

Mr. and Mrs. E. Sherry are adding to their business on Grand avenue near the railroad. They operate a lunch room and gift shop besides the tavern.

Mrs. Anna Nader, Mrs. Anna Martin, Mrs. Marie Hamlin and Mrs. Bertha Fish spent last Thursday at tying comforters for the W. S. C. S. at the home of Mrs. C. B. Hamlin.

The Lake Villa Grade School band took part in the band contest at Peoria last Saturday and many of the parents attended, among them Mr. and Mrs. Russell Nickerson, Mr. and Mrs. Ben Cribb, Mrs. Wm. Pet-

erson and others. The children brought home a good number of firsts and seconds for solos and ensembles as well as for the entire band. The Lake Villa band will give a spring concert at the gymnasium on May first.

The Pinochle club met Tuesday this week with Mrs. Anna Nader at her home for pot luck dinner followed by games of pinochle during the afternoon.

Where Cancer Crusade Money Goes "Knowing where the money goes is the right of everybody who contributes to the American Cancer Society's 1955 crusade to raise 24 millions of dollars in the fight to control cancer," says Mrs. Perry, chairman of the Lake Villa campaign.

This will go on during April and the quota for Lake Villa is \$350.00. She stated that 60 cents of every dollar collected will be kept by the Illinois division area in which the funds are contributed and will be used for state and community programs. This includes maintaining the Lake County unit headquarters at 8 South County st., in Waukegan. "The local area uses their 60 per

cent with nurse's training courses, refresher courses for physicians and some of the elements of the educational program—films, radio and TV transcriptions, pamphlets, posters and displays. Much is done in the way of early cancer detection programs and in improving facilities for treatment.

"Local volunteers make dressings, bed jackets and bed pads, which are given to the Lake County unit to needy patients. The unit also maintains "loan closets" which stock such sick room supplies as hospital beds,

mattresses, wheel chairs, etc. "It's our job to make every dollar count for a lot in this crusade against cancer," Mrs. Perry said, "and we can do this most effectively through the American Cancer Society's three fold program of research, education and service to patients. The dollars you give this month to the crusade will be a sound investment in the intensive struggle against mankind's cruellest enemy—a foe that will strike one out of every four Americans at some time in their lives."

## Modern 12-volt electrical system!

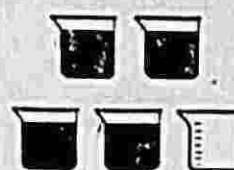

The only car in the low-price field with the extra energy of 12 volts . . . twice the electrical punch.

Faster, stronger cranking for cold-weather starts and a "fatter" spark for faultless high-speed operation.

## Highest standard compression ratio in its field!

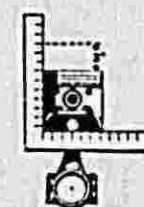

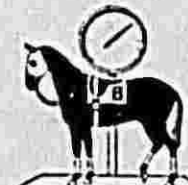

Chevrolet's compression ratio is 8 to 1, to wring every possible ounce of power and extra miles out of every gallon.

Requires only four quarts of oil! Chevrolet's V8 engines are so efficient they need only four quarts of oil . . . so you save money on every oil change!

## Highest horsepower per pound!

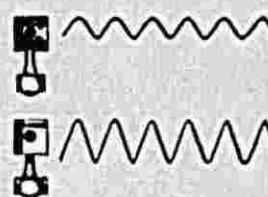

These great V8's weigh far less than any similar engine in America, top the low-cost field in power per pound!

## Shortest piston stroke in the industry!

Three-inch stroke reduces cylinder-wall friction, generates less heat, permits more compact design.

The pistons do far less traveling per mile . . . that means less engine wear, lighter loads on bearings, longer life.

It's the valve-in-head V8 as only the valve-in-head leader can build it!

"I LIKE  
ARCADIAN  
12-12-12"

Corn can't talk, yet it can tell plainly in its own way just how well it likes the fertilizer you feed it. When you give it plenty of ARCADIAN 12-12-12, corn shoots up vigorous, even growth, with sturdy stalks, good deep-green leaves, fat, well-silked ears, with all the signs of a good crop in the making. Yes, corn shows you it likes ARCADIAN 12-12-12, the modern, balanced, concentrated fertilizer built to make high-yield, high-profit crops.

You get all these benefits by using 500 to 1,000 pounds of ARCADIAN 12-12-12 when you plow for corn and other heavy-feeding, high-yielding crops. ARCADIAN 12-12-12 is rich in nitrogen growing power, rich in phosphorus for strong roots and good grain, rich in potash for ripening crops well and for strong stalks that hold bumper harvests up for easy picking.

ARCADIAN 12-12-12 plowed down puts balanced plant food all through

the main root zone to feed your crops all season long. It supplies the nitrogen soil organisms need to rot sod and other crop residues into nitrogen-rich humus that holds water as well as nutrients, ready to supply your crops. Plow it down, disk it in, top-dress it—ARCADIAN 12-12-12 is a yield-booster however you use it, for corn, wheat, sugar beets, potatoes, vegetables, pastures, fruit and other crops.

Use ARCADIAN 12-12-12 in the row at planting to give the young, sprouting crops a fast, strong start. It develops the vigor and the strong roots that dig for nutrients to turn out top yields. Use ARCADIAN 12-12-12 for all your crops. There's concentrated, readily available, balanced crop-growing power in every easy-lifting, 80-pound bag.

Place your order now for this modern, powerful, free-spreading fertilizer that provides complete plant food in every firm, dry granule.

The firm, dry granules of ARCADIAN 12-12-12 provide balanced plant food galore. ARCADIAN 12-12-12 is made to stay in top condition through storage and handling. It's concentrated to save you work. It's packed with nutrients to make your crops shoot up to top-level yields and profits.

## Rosings Will Celebrate Wedding Anniversary at 4-Aces on Tuesday

Invitations have been issued by Mr. and Mrs. William A. Rosing, 1007 Main st. for a reception from 7 to 11 p. m. next Tuesday at the Four Aces on Rte. 173 at Channel Lake in celebration of their golden wedding anniversary.

The Rosings are lifelong residents of Lake County. Mr. Rosing was born at Wooster Lake, and Mrs. Rosing, formerly Rose Vogt, at Wauconda.

They were married April 26, 1905 at St. Peter's church in Volo. Mr. Rosing and his brother, the late George Rosing, ran general stores at Volo and Round Lake.

Mr. Rosing was postmaster at Round Lake at the time Congressman Foss was in office. He was also president of the Round Lake village board, resigning that office to come to Antioch in 1915.

Here he purchased the property on which the Carlson Brothers Ford garage now stands and operated the garage as a Ford agency until his disposal of the business two years ago to the Carlsons.

He served as a member of the village board while Frank King was mayor. He was elected supervisor in 1923 and with the exception of terms intermittently held by Barney Naber held that office until this year.

The Rosings have a son, Herman, and a daughter, Hilma, (Mrs. Dan Lightsey), both of Antioch.

## Trevor Eager Beavers Install New Officers; Win Ribbon for Skill

The new officers of the Trevor Eager Beavers were installed by Mrs. Glenn Eckert Thursday, April 14.

The new officers are Kenneth Nicpon, president; Marlene Swoboda, vice president; Rosemarie Ziegler, secretary; Frank Wilcox, treasurer; Glenn Eckert, reporter; Hienz Kaiser, sergeant-at-arms.

The new committees were announced as follows: Carol Prange, recreation chairman; Ruth Kaiser, refreshment chairman.

Excitement ran high over the report that the musical skit, "Overture in a Melon Patch," took a blue ribbon at the district contest. Pride was expressed over the fine record the boys and girls made for the club. The Homemakers club of Trevor is supporting this club by helping with a bake sale July 2 at the Ford garage in Antioch. The members met with their respective leaders and planned their projects.

Games were played and refreshments were served. The host and hostesses were Dennis Stefan, Janice Ziegler, and Frances Mattis. Mrs. Nicpon and Mrs. Stefan drew thanks for helping in the kitchen.

## Solo Winners at State Announced to Assoc. Plan Band Trip Also

Announcements of the Antioch winners in the state solo and ensemble music contest for grade school pupils was announced in the Antioch Grade School Band Association at 7 p. m. Monday in the school cafeteria by Director George Olisar.

Steve Aschenbrenner received superior rating in flute; Billy Wolfenbarger, first in french horn; and Brian Cain and Janice Hughes second in clarinet and saxophone respectively.

The association approved its new by-laws.

Plans were made for the transportation, time of departure and uniforms for the state band contest Saturday at Peoria. Band members will travel by school buses, leaving at 10:30 a. m. and will be back in Antioch at 10:30 p. m.

## Local Teachers Made Charter Members of Business Fraternity

Miss Eileen Schutte and Warren Polley of the business education staff of Antioch Township High School spent Saturday in Champaign where they attended the Spring Business Education Conference on the University of Illinois campus.

While there they were initiated as charter members into Alpha Beta Chapter of Delta Pi Epsilon, an honorary fraternity for persons who have done graduate work in the field of business education. Miss Eileen Schutte was elected to serve as corresponding secretary to the 39 charter members and Polley was named as official delegate to the national convention of the organization when it holds its next meeting.

## Nissen Urges Youngsters To Join Air Force Reserve

David Nissen was the civilian observer representing Lake county on a training flight from O'Hare field to Miami. The flight in a 437 Troop Carrier took place April 15, starting a 5 p. m. and the return trip was made Sunday afternoon. Nissen is urging youngsters to get this training in the Air Force Reserve. Men from 17 to 50 are eligible serving two days a month and get the same pay as regulars.

## To Be June Bride

## Engagement Told of Grace Elizabeth Hatcher To William E. Clarke

Mr. and Mrs. Thomas Smith Hatcher, 423 S. Tennessee ave., Lakeland, Fla., have announced the engagement of their daughter, Grace Elizabeth, to William Edmund Clarke, son of Mr. and Mrs. George R. Clarke of Antioch, Ill.

Miss Hatcher was graduated from Lakeland High School in 1954, where she was a member of the Classical Club, Lionettes, Juniorettes and Rainbow Girls. She is a member of All Saint Episcopal church, and is presently employed by Mass Brothers.

Mr. Clarke was graduated from Antioch High School, where he was active in sports. He is a Junior at Florida Southern College, majoring in Industrial Arts. He is a member of Sigma Phi Epsilon social fraternity.

Plans are being made for an early June wedding.

## Channel Lake Club Will Present Minstrel Show On April 29 and 30th

The Channel Lake Community club will present to the public the "Breeze Inn Minstrels" at the Channel Lake school on Friday and Saturday nights, April 29 and 30, at 8 p. m. The entire cast is composed of local talent and has been under the able direction of Agnes Van Paten.

## CUB SCOUT NEWS

The April meeting of Antioch Cub Scout Pack 92, sponsored by Loyal Order of the Moose No. 525, was held on Friday evening, April 15, 1955, at the Antioch Methodist church.

Eight new Cub Scouts were presented Bobcat Awards and were inducted into the pack by means of an impressive candlelight ceremony. Used in the induction was a Cub Scout Totem Board, constructed and decorated to represent the seven rays of the sun following the leader, Akela. Cub Scouts receiving other promotional awards were called upon by the Cubmaster to discuss achievements performed to earn same.

Refreshments consisted of ice cream and cookies served by the mothers of Dens 5 and 6.

Through the coordinated efforts and excellent planning of the Den Mothers, the Bake Sale conducted by Pack 92 on Saturday, April 16, at Carlson's Ford Garage, was highly successful. The response of all Cub Scout parents was evidenced by their donations of many varieties of homemade baked goods.

## Holland Experimental School Described

Alpha Nu, Lake County chapter of Delta Kappa Gamma, national honor society for women in education, of which Mrs. Fern Lux Watson of near Antioch is a member, met recently at Green Bay school in North Chicago. No Antioch students were among the eight high school representatives who plan to enter the teaching profession and were guests of the society.

Miss Helen Cunningham of Waukegan Township High school was in charge of the meeting and introduced Miss Annette Sheel, social studies teacher at Barrington High school who taught at the Werkplaats experimental school with a grade range from kindergarten through high school at Bithoven, Holland. Miss Sheel described the school.

## Altar Beautiful at Easter Time

Fr. Alfred J. Henderson and two altar boys, Roman Vos, Jr., and Michael Haley are shown at the altar of the Blessed Virgin at St. Peter's church on Holy Thursday. All three altars of the church were beautiful when in complete view Easter.

have frequent contact with our young men and women between the ages of 18 and 21 will confirm that many of them are better informed on political issues and candidates than their elders. This is a rational argument in favor of reducing the voting age. In fact, the ultimate decision as to whether the right to vote is to be accorded to our youth of 18, should be controlled by the answer to this question: "Do a majority of the young men and women at 18 possess the information and sound judgment to entitle them to vote?"

Unfortunately, only the now qualified voters (those 21 years of age and older) will be permitted to decide this question. And many of them will not be too well informed on whether our younger citizens have knowledge and judgment possessed by the present electorate. However, the writer has been impressed by the number of young men and women, aged 18 and 19, who themselves feel that they are not yet "ready" to vote.

The measure is not without its political implications. Quite obviously many of the loudest proponents are simply appealing to younger voters for votes. At the risk of such a charge, the writer has consistently urged that the proposition should be submitted to popular referendum. Then, the people can decide the issue.

## Pvt. William Westgard Completes Repair Course

## Your Senator Reports

(By State Senator Robert McClory)

Shall we reduce the voting age in Illinois to 18 years? No less than 4 propositions have been introduced in the present Illinois General Assembly recommending such a constitutional amendment in favor of our younger citizens. Three of these propositions would make 18 the legal voting age for Illinois, while the

other would establish 19 as the qualifying age.

The legislature can do no more than recommend such a constitutional amendment. Then, if receiving the favorable vote of two-thirds of the members of both the Illinois House of Representatives and the State Senate, the proposition will be submitted to the voters at the regular election in November, 1956.

Qualifications of voters (with certain limitations) are regulated by the states. So far only one state (Georgia) has granted voting rights to 18 year olds, but the legislatures of several other states are also considering similar propositions at the present time.

The most popular argument in favor of 18 year old voters is that "if they're old enough to fight, they're old enough to vote." Of course, it doesn't necessarily follow that a decision as to whether the right to the reckless courage so desirable in a soldier would also have the maturity and stability we seek in a qualified voter. Also, it might be argued, "They're not old enough to fight, either."

## 7-Day School Week Is Predicted by Education Professor

ANN ARBOR, Mich.—The school of the future will be in session all-year-round, seven days a week, predicts a University of Michigan educator.

Prof. Max Wingo, of the University's School of Education claims that the 12-month development is almost bound to come about in answer to social pressures which are demanding that some now neglected services to youth be met. "The school of the near future will have to take over some of these services or face the consequences," he warns.

He charges that in the last generation the school has resisted just about every effort to increase its responsibilities. "In the initial stages it balked at feeding children at noon, at driver's training, and at offering recreational programs. The assumption of these responsibilities was forced on the schools by a great groundswell of social necessity. The school simply hasn't been able to resist so powerful a force. We do teach teen-agers to drive cars now, we have increased our vocational departments, and in my judgment we will continue to do so," the professor declares.

But there's still a vast area of necessary services—complex and controversial issues—now for the most part by-passed by the schools and other social institutions.

Professor Wingo asks who is going to give instruction in the physiological, emotional and ethical aspects of sex behavior? Who is going to take systematic responsibility for maintaining the health of our younger generation? Who is going to be responsible for systematic religious instruction? Who is going to help children develop worthwhile avocational interests and skills?

If the school does not, he warns, it will become increasingly removed from the people.

### Silent Couple Gets Divorce After 8 Years

CHICAGO—A husband and wife who hadn't talked to each other for eight years were divorced recently.

Judge Edward B. Casey of Superior Court granted the divorce to Mrs. Eleanor Miele, 44, a laboratory technician, from Benjamin Miele, 46, a truck driver, on cruelty grounds.

Mrs. Miele's attorney at a previous hearing said the couple had not spoken to each other for eight years, communicating by notes pinned on a bulletin board in the kitchen of the home they shared. The husband moved out.

### New Machine Splits Blood Components

CAMBRIDGE, Mass. — A new machine, the "Fractinator," developed by the Harvard Medical School and a Cambridge industrial research firm can separate human blood so that its components may be packaged in separate containers. The Fractinator is said to eliminate the present hazard of contamination during blood processing.

The machine is the size of a home washing machine. Tubes and connections are made of plastic rather than glass and rubber because the latter substances cause blood to adhere.

Capt. E. F. Metzger, Supply Corps, USN, commanding officer of the Electronic Supply Office, Great Lakes, shows Leonard J. Di Matteo a card confirming his successful contact with Amateur Radio Station K6JNT/V04 at the Harmon Air Force Base, Stephenville, Newfoundland. Cmdr. P. D. Boyce, Supply Corps, USN, shares Capt. Metzger's interest in promoting international amateur radio communications. This is the first confirmation of a contact made by ESO's Amateur Radio Club Station 9WJAM with a foreign country. Since Di Matteo's initial contact, however, 23 additional countries have been reached, including amateur stations in Europe, Africa, Australia, South America, New Zealand and other Pacific Islands. Di Matteo's home station is K9AAI, Antioch. (Waukegan News-Sun Photo)

### Nelsons Get Insurance Contract From Village; North Ave. Plot Annexed

Nelson Realtors were the only bidders on the village's liability insurance when the time came for the opening of bids at the special meeting Tuesday evening.

The Antioch firm obtained the contract on its bid of \$771.03.

Clerk Shultis read the minutes of the previous meeting showing that annexation had been made of three pieces of property south of North ave. The properties included: Murrill Cunningham 11½ acres which he recently purchased from the Crown Realty Co.

One acre of the Crown Realty Co. Large lot of Sigurd Nielsen adjoining Cunningham's.

Twenty-seven feet of the Ellis Story, William Lahti and L. D. Steinnell lots not already within the village limits.

About 15 acres of the W. C. Curnes undeveloped land, excluding a row of homes on the east end where residents did not wish to come into the village. The Curnes property is south of the Cunningham property, and north of Depot st.

Cunningham recently purchased the land including a house on North ave., and the annexation details were rushed through so that he would be eligible to run for, and hold the office of trustee.

### Party Date Changed

The date of the after Easter card and bunco party previously set for April 30 by St. Peter's Altar and Rosary society has been changed to Saturday, May 7, so that it will not conflict with the Channel Lake Community Club minstrel show on April 30.

Letters were received in the mail this week from the party committee giving all the details and stating that the hot lunch program of St. Peter's school will benefit from the party, as old equipment is wearing out and will have to be replaced.

### Scholarships Offered For Education College

Two scholarships of \$500 each for future elementary teachers are available at National College of Education, Evanston, Illinois. Applications should be sent to the College by April 30, 1955.

One scholarship honors Jeanette S. Freiler and is given by her husband, A. J. Freiler of Glenview. The other was donated by the trustees of the private elementary teachers' College. The chairman of the board of trustees is Henry J. Brandt, of Wilmette.

Applicants for the scholarships should be high school seniors, ranking in the upper academic quarter of their classes. Recommendations from their high school principals and teachers and an alumna of National College of Education should be sent with the application.

Locally, information on the scholarships may be secured from Mrs. Esther Wilton, 984 Victoria St., Antioch.

### Wilmot High Defeats Elkhorn, Mukwonago In Triangular Meet

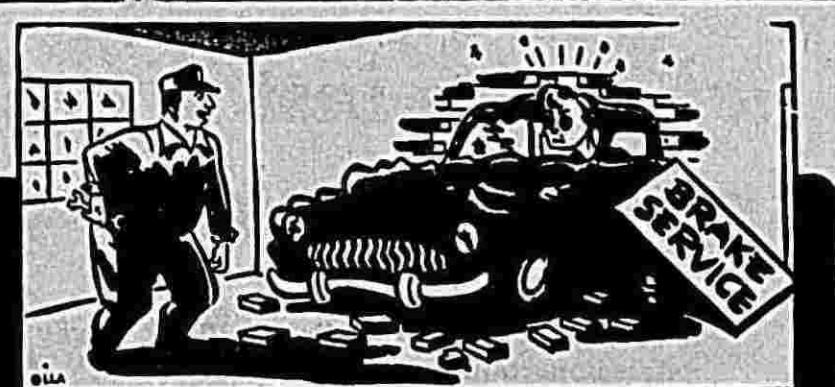

WILMOT—Wilmot High school track team opened its season last Friday with a victory over Elkhorn and Mukwonago at Elkhorn.

Coach Frank Buccell's athletes rolled up 53½ points to Elkhorn's 37½ and 33 for Mukwonago.

Ronnie Faver led Wilmot's scoring with 12½ points. He won the 100-yard dash in 10.9 and the 220-yd. dash in 23.4. Only other Wilmot winner was Ed Skora who put the shot 38 feet.

Wilmot and Mukwonago were scheduled for a dual meet yesterday.

### Antioch Places Second In Triangular Meet for Varsity and Sophomores

Antioch High finished second in a triangular track meet Monday with Grayslake and Ela-Vernon varsity and freshmen.

The score of the varsity meet was Grayslake 67, Antioch 45, and Ela-Vernon 19.

Chuck Behrendt was first in the 100-yard dash in 11 seconds, and second in the 220-yard dash.

Bob Terry collected the most points for the Sequoits with first in the shotput (36 ft. 3 in.) first in the discus throw, (111 ft. 3 in.) and first in the low hurdles with 13.2 seconds. He was second in the high hurdles, making his total point score 18½.

Don Schroeder won first in the broad jump at a distance of 18 feet.

He was also second in the 100-yard low hurdles.

Grayslake won the relay and first in the high hurdles, mile, 440-yard run, 220-yard dash, half mile and high jump.

Ela-Vernon won first in the pole vault.

Coach Paul Kessenich of Antioch said his team merely lacked depth in the amount of talent.

The freshman-sophomore meet resulted in a victory for Grayslake also. The score was Grayslake 66, Antioch 52, and Ela, 5. Ela sent but three men.

Roger Plechaty was high point man for Antioch, taking first in the 80-yard high hurdles with the time of 12.9; first in the low hurdles with 12.5 and the high jump. He was fourth in the 100-yard dash for a total of 16 points.

James Denton was right behind him in points with first in the 100 yd. dash, time 11.8; first in the 220, time 26.8; and first in the broad-jump, distance 15 ft. 4 inches.

Grayslake likewise won six firsts, but clinched the victory with a win in the relay.

Last night four of the Northwest conference schools were scheduled to meet at Ingleside. They were Grant, Antioch, Wauconda, and Grayslake.

Other meets scheduled are as follows:

April 20, Wed.—6:30 Grayslake, Grant, Wauconda, Antioch at Grant

May 21, Sat., 6:30 Palatine, Bensenville, Grant, Antioch at Grant  
May 25, Wed.—6:30 Varsity Conference Track meet at Glenbrook.

### New Fulltime Teacher For Retarded Children At School in Waukegan

Julius Hoppe of Elgin will serve as a fulltime teacher at the Garden School for retarded children in Waukegan next fall.

He will take the place of Miss Birgit Vicklander, who plans to return to Europe.

Nowak, a speech and hearing therapist at Elgin public schools for the past five years, has been teaching speech therapy to select groups of retarded children from the Parkside School in Zion and the Garden

School in Waukegan. These classes are held on Saturday.

Mr. Hoppe announced, also, that three teachers and two members of the educational committee would attend the third annual convention of the Illinois Council for Mentally Retarded Children at the Morrison hotel in Chicago on May 7.

Plans are under way for the society's Annual Banquet to be held Saturday, May 18, at the Swedish Glee Club. Reservations may be made with Mrs. Mitrieff, chairman (On. 2-7674).

Copies of the proposed new charter, constitution, and by-laws were distributed to members for study prior to action at the May meeting.

Several members plan to attend the open house of St. Joseph School for the mentally retarded, located north of Lake Zurich on Sunday, April 25th.

## There's Musical Fun For Everyone

Authorities tell us there is no such thing as "tone deafness" in normal children.

Every normal child has an inborn sense of beat and measure. The less "musical" a child seems, the greater the need for the early development of an asset that means much in life.

Somewhere in the large family of musical instruments is one that opens new horizons of happiness for YOUR child.

It may be in the eloquence of the piano or organ, the appeal of the brasses, the charm of the wood-winds, the warmth of the strings, the happy harmonies of the marimba, the rhythm of the drums or the many-voiced expressiveness of the accordion.

It is easy to find out which instrument is best for YOUR child. Ask us to help you.

And, because you can pay for your share of the wiring cost, on easy terms, the new Plan makes it a lot easier to buy the appliances you need.

Your present appliances work better. Your new wiring will also perk up every appliance in your house. Right

away you'll notice you have a better TV picture... your toaster will work faster... even your lights'll shine brighter.

You're all set for the future

Your new appliance installation pays you another bonus, too. With the new 240-volt heavy-duty wiring, you're ready to add more of the new appliances you'll want, when you want them, with a minimum of trouble and expense.

Available at all dealers

So—if you've been wanting one of the appliances pictured above—you don't need to wait any longer. Now's the time to stop in at any appliance dealer's or our nearest store and pick out the make and model that's best for you.

A.M.Got an itch  
to switch the pitch?

Here's the New Hit in Hardtops  
—the 4-Door Riviera—

WANT to do what a pilot does  
when he clears for take-off?

Want to feel the pulse-quickening  
thrill that comes of giving the gun  
to a high-powered automobile with  
the world's first airplane-inspired  
transmission?

Want to try Buick's Variable Pitch  
Dynaflow\* — the spectacular new  
wonder drive that's the talk of car  
makers and car buyers alike—and  
the drive that's sending Buick sales  
soaring to new record-breaking  
highs?

Well, sir—be our test-pilot guest at  
the wheel of a '55 Buick and let  
today's Dynaflow do the honors.

When you press the pedal as you  
normally would, you move ahead in  
velvety smoothness, getting plenty  
of miles from each gallon of gas...

Because twenty propeller-like  
blades inside the Dynaflow unit,  
spinning in oil, have an angle of  
"pitch" for top economy — like the  
modern plane's propellers when  
cruising in the air.

But comes the need for emergency  
acceleration, and—like a pilot does  
for quick take-off and climb—you  
switch the pitch of those Dynaflow  
propellers for action, just by press-  
ing the pedal all the way down.

Instantly, you get full-power

response for split-second getaway,  
or for a sudden safety-surge to get  
out of a tight spot on the highway.

It's a response thrilling beyond all  
previous experience — because  
there's never been anything like it  
before in any car.

And we'd like you to try it—along  
with the wallowing new V8 power,  
the cruiser-steady ride, the fine  
handling ease, and the true big-car  
roominess that are all part and  
parcel of every Buick.

Can you come in today—this week,  
for sure — and test pilot the hottest  
Buick yet built?

## Health Talk

### Play Safe With Drugs

The indiscriminate use of drugs can be costly, not only from an economic standpoint but in the value of lives lost or damaged, the Educational Committee of the Illinois State Medical Society cautions in HEALTH TALK. With the unfortunate emphasis today on sleep inducing agents called barbiturates, the antihistamines and the antibiotics as cure-alls, it is no wonder that the public is confused.

Properly handled under competent medical supervision, these drugs have a useful place in alleviating pain and curing disease. Frequently, for example, it is necessary to prescribe a sedative, but sleeping pills and powders as a regular habit can be extremely harmful. When the body and mind are functioning normally, there is no need for drugs to make you sleep.

The antihistaminic drugs are a product of the research laboratory which marks the advance of medicine in the curative field. Handled carefully, these drugs are producing good results in some conditions related to allergy, but they are also causing severe reactions in certain individuals. Histamine is a chemical normally present in the body which, in some persons, is the factor involved in allergic conditions, such as hives, hay fever and other sensitivities. Thus the antihistaminic drug is a compound designed to fight this chemical reaction in the body, which makes some people more sensitive than others to certain conditions.

Because so many antihistaminic drugs are now marketed does not mean that they are safe or that they are the answer to the mystery of the common cold which is characterized by symptoms similar to forms of allergy, such as itching and swelling of the nasal membranes, tearing of the eyes and the like.

Taken indiscriminately, the antihistaminic drugs can kill. They can also be the means of causing death and injury, since they produce side-effects in certain persons that make them unsafe to drive a car, for example. These side-effects include nausea, vomiting, headaches, poor coordination and drowsiness.

Antibiotic drugs are another group which must be handled carefully. Taking its name from anti meaning against and bio meaning living tis-

sue, this group then fights organisms or bacteria either by destroying them completely or decreasing their growth. There are numerous antibiotic drugs, all of which work differently in various conditions. They too produce different reactions necessitating the watchful supervision of a physician.

Research is necessary to learn the cause and cure of disease. Research brings knowledge and knowledge is power—the power to save life and relieve pain. But indiscriminate use of drugs will undo the good that is being accomplished. Self-medication is not the answer to the product of medical research, for it brings illness and unhappiness instead.

Too much of one drug can produce toxicity or poisoning in the chemical substances of the body, a condition which results in drowsiness, a mental stupor, a difficulty in walking and talking and noticeable tremors of the tongue, lips and fingers.

Don't listen to the flamboyant advertising on drugs. Be suspicious of anything that is presented as a "cure-all." Be cautious. You don't know how one taken blindly may affect you.

## Here are the Three Greatest New-Car Values in America!

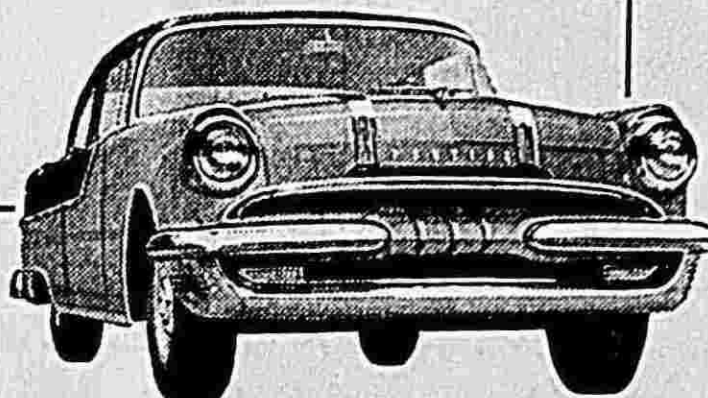

**THE FABULOUS STAR CHIEF**—It's luxury-sized. The roomy body is mounted on a 124" wheelbase. It's luxury-powered. The Strato-Streak V-8 puts 200 horsepower up front. It's luxury-styled. Fabrics and interior appointments match those of the highest-priced cars. It's beautifully distinctive—way out front for future-fashioned smartness. And it's a Pontiac—which means topmost reliability, thrift and resale value.

**THE FUTURE-FASHIONED 870**—Here's a car outstanding in every way. Outstanding in performance with exclusive Strato-Streak power. Outstanding riding ease with a long wheelbase unmatched at the price. Especially outstanding in the wonderful way it handles and responds with passing power. For luxurious driving at modest cost you simply can't do better.

### THE SPECTACULAR 860

Here's a king-sized car with a 122" wheelbase, and 200 horsepower, for less than many models of the lowest-priced lines and much less than stripped economy models of higher-priced makes. Beauty? Just look! And remember—you can choose from 4 luxurious interiors and some 36 modern color combinations.

All with the history-making  
200-H.P. Strato-Streak V-8 Engine!

Every Pontiac has the Strato-Streak V-8, one of the most efficient power plants ever developed. Here's more take-off punch, more passing drive and more years of smooth performance than you have ever enjoyed in any car within hundreds of dollars of Pontiac's low price range. And that applies whether you decide on 180 horsepower or specify the optional power-package for 200 horsepower. Either way you get topmost power per dollar.

## DEEP LAKE

Mrs. Givens Winstead, Corr.  
EL-6-7476

The regular monthly meeting of the Deep Lake Women's Auxiliary was held at the home of Mrs. Frank Luehr, Friday, April 15.

Mrs. Vic Kaufman is visiting in Florida.

Mr. and Mrs. Fred Swanson are proud parents of a baby daughter, Debra Jean, 6 lbs., 3 ounces, born March 26, 1955, in Burlington, Wis. Father Fred is in the Air Corps, stationed in Japan. Baby Debra will be christened on Mother's Day. The sponsors will be Irene Raloff and Nick Swanson. The proud grandparents are Muriel and Harry Swanson of Deep Lake.

Joe Heckel, father of Muriel Swanson is a patient in the West Suburban hospital in Oak Park. After spending a week in the Victory Memorial hospital, Hannah Koller has left Deep Lake temporarily to convalesce at the home of her daughter, Emaline Hein in Indiana.

Remember the dinner dance to be held at Henning Johnson's Resort Saturday, April 23. Dinner is at 7 p. m., sponsored by the Deep Lake Women's Auxiliary. Dancing starts at 9 p. m. Admittance for dancing will be \$1.00.

## Wrestling Crowd Smaller

The crowd at the American Legion wrestling match last Friday was smaller than the one last year. The entertainment was just as good, however. Competing events and the fact that a match was held a few days earlier across the line in Wisconsin were credited for the lesser interest.

Employment Certificates  
For Minors Obtainable  
At Antioch High School

Local High School officials announce that minors residing in District 117, Antioch Township High School, may secure their employment certificates of age at the high school office.

With the summer employment soon to take place for boys and girls it is necessary to have the proper certification. It is not necessary for boys and girls residing in District 117 to secure employment certificates of age from the Lake County superintendent of schools. The local high school is authorized to issue these certificates.

Minors 14 years of age and under

16 years may be employed outside of school hours and on days when school is not in session and during school vacation periods. The employer shall have on file for each minor an employment certificate issued by the high school principal provided the work is not of a hazardous nature, or in violation of section No. 7 of the Child Labor Law. The certificate is issued in triplicate and the high school principal mails the original to the minor's employer, send the duplicate to the State Department of Labor and retains the third copy for the office files.

Principal Albert Dittman announces to the business establishments of the Antioch community the Department of Labor's more liberal interpretation of employment available to females under 16.

"As of April 15, former instructions on the point of continuous standing are to be ignored. Hereafter, a female 14 or 15 years of age may be employed in any occupation which requires her to remain standing continuously for and during the performance of her work. Provided an employer makes available facilities for resting and permits such a female under 16, during the periods of her employment, to use such seating facilities for resting. Only in the rare instance where an employer does not afford facilities for resting or where he makes a condition of employment that the girls remain

continuously standing during the performance of their work, shall an issuing officer refuse to issue an employment certificate. Notwithstanding this, the hazardous occupations as are listed in Section 7 are still prohibited to minors under 16." Before an employment certificate can be issued the following requirements must be met:

1. A statement of intention to employ signed by the prospective employer.

2. Legal papers to show evidence of age.

Physical examination.

Employers hiring minors alleging to be between 15 and 20 years of age should protect themselves against unintentional employment of under age minors by requiring them to obtain certificates of age.

## EXON MOTOR SERVICE

Daily Service from  
Antioch to Chicago

PHONE LIBERTYVILLE 2-3570  
Chicago Office and Warehouse  
2519 S. Artesian Ave.  
Tel. Cliffside 4-1127

The local high school is authorized to issue these certificates of age to any person between 16 and 20 years of age upon presentation of the same proof of age as is required for the issuance of employment certificate under the child labor law.
